# PROBLEM

There are far more social platforms than we need.

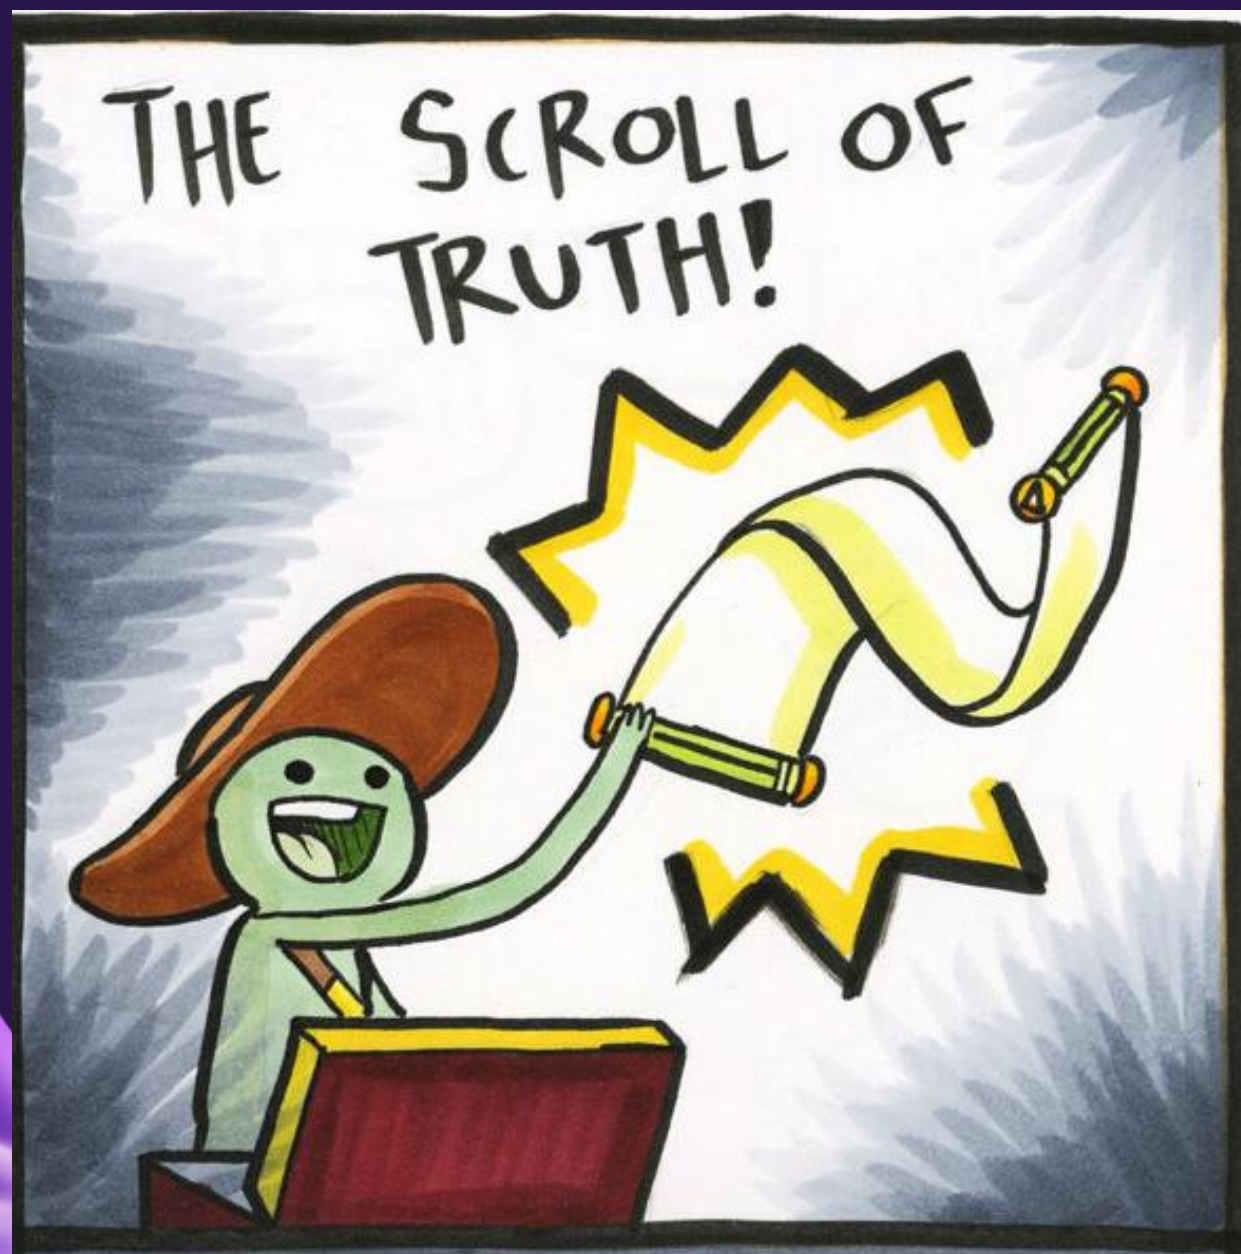

However, there isn't a single platform that meets our needs.

Existing Solana users are scattered across various platforms.

# SOLUTION

## WHY DO WE NEED A BLOCKCHAIN-BASED EVENT COMMUNITY SYSTEM?

AN EXCLUSIVE, CLOSED PLATFORM DEDICATED  
SOLELY TO THE SOLANA COMMUNITY.

EVENT TICKETS CAN ONLY BE SOLD THROUGH  
SOLANA.

TO REACH SOLANA USERS GLOBALLY

a community events of founders & devs  
Join us to collaborate, learn, and grow together  
Share your ideas, showcase your projects, and contribute to the community
